East End Brewing Co. Pittsburgh, PA

OUR YEAR-ROUND BEERS
In HALVES and SIXTELS

Distributed by:

EAST END WITTE: A "Belgian White" Wheat beer, gently spiced with coriander and bitter orange peel. Light bodied and effervescent, with hints of orange and lemon. A great beer for warmer weather or for those looking for something lighter all year round.

ABV: 4.6% IBU: 18 O.G.: 1.044

SESSION ALE: *Limited Run Small Batch Series – please call for availability*

Looking for something rare or unique? Each batch of Session Ale is a completely different beer, available until it runs out. All are light bodied, easy drinking ales, designed to deliver fresh flavor in a low alcohol ale – which allows for a longer drinking "session". Also great on cask! Enjoy them while they last...

ABV: 3.5-4.5% IBU: 15-40 O.G.: 1.032-1.047

BIG HOP IPA: An American India Pale Ale, brewed to be VERY hoppy but not overly bitter, and balanced with plenty of Munich malt sweetness.

Our flagship brew, and by far, our most popular beer.

ABV: 5.8% IBU: 70 O.G.: 1.054

FAT GARY NUT BROWN ALE: Once a part of the Session Ale series, and now a regular year-round offering, this deep dark brown ale is surprisingly light in flavor and body, and low in alcohol. It's chocolate malt character and light sweetness make it an excellent introduction to craft beer. Now East End has a beer that "non-hopheads" like Gary can call their very own.

ABV: 3.6% IBU: 17 O.G.: 1.038

BLACK STRAP STOUT: An American Stout, brewed with blackstrap molasses and brown sugar. Robust and roasty with notes of coffee and dark chocolate, balanced with a light sweetness and subtle hop flavor, this one is the complete opposite of a light beer. Consistently ranked among the top ten American Stouts in the world on BeerAdvocate.com.

ABV: 6.2% IBU: 49 O.G.: 1.062
